Lavender Breeze Air Freshener

Ambientador de aire de la brisa de la lavanda

This ready-to-use odor counteractant instantaneously controls offensive odors and replaces them with a pleasant lavender fragrance. Specially formulated with patented, environmentally preferred odor counteractant technology that entraps airborne malodor molecules fast and effectively. Utilizes PURE USP water that makes it safe to spray on most surfaces not harmed by water and will not leave stains on the sprayed surfaces.

ENVIRONMENTALLY RESPONSIBLE COMPARISON

Traditional Products	elements
Tap Water	None
Nonylphenol ethoxylates	None
Zinc Ricinoleate	None
Propellants	None
	USP DI Water
	Linear Alcohol Ethoxylate*
	Ordenone Deodorizer Concentrate
VOC < 18%	VOC : None

Traditional Compound Descriptions:

Tap Water - May leave water stains from spray.

Nonylphenol ethoxylates - a nonionic surfactant that is used to provide wetting and detergency. However, it is derived from a petroleum-based product. It has a suspected harmful biodegradable intermediate.

Zinc Ricinoleate - a highly effective deodorant/malodor absorber. Trace amount of zinc may cause problems with toxicity of sewage effluent and meeting discharge permit requirement.

Propellants - Often are VOCs that contribute significantly to the formation of ground level ozone, a primary component of smog and a proven public health concern.

elements Compound Descriptions:

USP DI Water - Purified water leaves no water stain.

Linear Alcohol Ethoxylate* - listed as Positive Environmental Profile surfactant on EPA design for the Environment Formulator Initiative. A non-ionic surfactant made from linear primary alcohol that biodegrades readily to compounds with low toxicity.

Ordenone Deodorizer Concentrate - a patented, metal-free, water-based proprietary blend that features a semi-rigid, concave molecular structure. It has a unique ability to "capture" malodor molecules and hold them hostage.

PRODUCT SPECIFICATIONS

Color:	Purple	Solubility:	Complete with water
Odor:	Lavender	Flash Point:	None
pH:	6 - 8	Biodegradability:	Complete
Viscosity:	Water thin	Storage/Stability:	1 year
Foam:	None	Weight Per Gallon:	8.34 lbs./gal.
Propellants:	None	Freeze/Thaw Stability:	Keep from freezing
Phosphate:	None
