

Universal DripPan #DPU-16 - 10.5" x 10.5" x 3", 16 pans/package

A high-capacity, low-profile Universal DripPan is perfect for heavy-leak areas and tight spaces.

- **Much Better Than Clay:** A DripPan is far more efficient than piling clay on the floor, and a snap to clean up. Just pick it up and dispose of it — no shoveling required! The rip-resistant polypropylene cover even helps keep filler and absorbed liquids inside.
- **Absorbs Large Quantities of Liquids ... Quickly:** Ideal for quick, efficient spill response. The large surface area and 3" depth provides the volume you need to handle heavy leaks or drips. Also, its wide "footprint" keeps it stable, so you won't accidentally kick it over.
- **Color-Coded:** Color-coding helps you visually identify the right sorbent for your needs. Use Gray Universal DripPan for general use jobs absorbing oils, coolants, solvents and water around your workplace. Note: These items are not compatible with sulfuric acid.

DPU-16 Specifications

Dimensions:	10.5" W x 10.5" L x 3" H
Shipping Dimensions:	17" W x 23" L x 20" H
